# MESSAGE FROM THE PRESIDENT

Spring has finally arrived and with it our thoughts turn to golf, swimming and the great outdoors. I hope you got through the winter okay and you enjoy the nice weather we all so justly deserve.

I was sitting in my office jotting down a few points that I wanted to cover in this article and besides thinking about the changes in the season, a friend's phone call reminded me that today was Constitution Day. For all the flows and objections that we've heard and for those that we will hear for some time, we should still see the positive aspects of Canada guiding herself into the future.

I felt that some of these same notions apply to our Alumni, but on a different level. As with our country, St. Michael's has a long history of tradition. To ensure that we continue with these traditions and to build an even stronger association, we have started down two new avenues.

Sometime in May, I will have the opportunity of addressing this year's graduating class to outline the different things that the Alumni Association does. These will be our new members and the ones that will be guiding us in the future. They should be welcomed into

our ranks and by knowing what we do, we may be able to draw new and enthusiastic support for our present endeavours and for those that will come into being in the future.

The second thing we are doing is the establishment of year reps. If you thought about getting involved—here's an area where your efforts will be directed towards the group you knew the most in your school days. These reps will be updating our mailing lists and will be communicating to their own groups on a closer and more personal level about the different things going on. They will assist when a specific class reunion is planned and monitor those who will be in attendance at the Turkey Roll.

We are attempting to get stronger and broader support for the Association through the above, so that we will be able to serve the Alumni better. But as with all groups, we need people and their ideas. If you can help as a rep, we would love to hear from you. And don't forget our regular meetings...you would be most welcome! Your contribution can and will make the difference.

## A Message to the Graduating Class of 1982

Dear Graduate:

The Alumni Association of St. Michael's College School would like to welcome you into its ranks. We hope that in the years ahead you will support us in our many activities. Upon graduation you will receive your

first year's paid-up membership card in the Association. Dan Brennan, our 1982 President, will visit each of the grade 13 graduating classes and acquaint you with the Alumni Association. Good luck in your coming exams and welcome.

## Let's Get Organized. It's About Time

Yes, it is about time.

Long has it been said, that it's easy to lose touch with your graduating class (**Where Are They Now**) or, what's going on in the "yellow brick" building.

Well, steps have now been taken to keep you more informed with Alumni and school activities. The idea was tossed around at an Executive meeting last June and was partially initiated at the Dec. Turkey Roll.

Simply put—your Alumni is looking for grads who would like to become TEAM CAPTAINS for their particular graduating year. The average graduating class is between 120–130 students. We need FIVE grads from each class who would have some 25 names to personally contact and keep in touch with over the years. We have lists of the graduates and their graduating year. What we do need are up-to-date addresses, phone numbers etc. This takes both time and energy. We know

it can be done. We want to start now.

Joe Younder has agreed to initiate the program and arrange an organization meeting next Sept-Oct, the results of which will be outlined to you in the Fall **Blue Banner**. As already mentioned, some grads have volunteered their names. If we have more than needed for any one class, we can still use your help. There is much to do. You will be contacted.

If you want to get involved in a worthwhile project, contact Joe at the school (653-3180). Leave your name, phone number, address and GRADUATING YEAR.

St. Mike's is indeed rich in history, academics and athletics. We feel it needs to be preserved and continued. We do have something to be proud of. Your Alumni is anxious to begin.

Let's get organized! It's about time!

## IN MEMORIAM

We are sorry to report that on April 13, 1982 St. Michael's College School lost one of its oldest and most loyal alumni in the person of Dr. Charles Knowlton.

Dr. Knowlton entered St. Michael's College School in 1915 and after graduation in 1919 he entered medicine at the University of Toronto. Upon graduation he spent two years in post graduate work in Vienna. After returning to Toronto he and Sister Irene, of the St. Joseph's Sisters, became the moving spirits if not the direct founders of St. Joseph's Hospital.

From his first day at St. Michael's to the time of his death, his interest in the school never ceased, whether it was in medical treatment to staff or students, athletic teams or care for the sick and elderly Basilians. In his general practice Dr. Knowlton received all alike, and gave all equal care, irrespective of nationality, colour or creed. In his personal life, he was a real Christian and an intense Catholic. He knew his limits as a doctor and depended on God for help. There are many souls in heaven today because of the advice of Dr. Knowlton in the declining moments of their lives urging them to make their peace with God before answering his call.

DR. CHARLES KNOWLTON

St. Michael's is proud of Dr. Knowlton, proud of his moral standard in all areas of life but nowhere more than in his practice of medicine. St. Michael's is proud of the love of so many for him and proud to say, "He is one of our graduates." It is our wish that many will follow in his footsteps as loyal alumni and as examples to the younger generation. Dr. Charles Knowlton along with Joseph Primeau was awarded the "Old Boy of the Year" award in 1962. We extend our sympathy to his wife Margaret and to all members of his family.

## The Parents' Guild—A Most Appreciative Contribution Then and Now

It all began in 1950 when, for the first time in the century-old tradition of St. Michael's College School, an auxiliary was formed under the patronage of St. Martha. Initially the new **Martha Guild** comprised "the mothers of the boys, their friends and all the friends of the Basilians." At the Guild's Opening Tea in June of that year, some five thousand people inspected the school. Under its first Moderator, Rev. D. Faught C.S.B., the Guild's President was Mrs. C. Knowlton; First Vice President was Mrs. M. Kelly and Mrs. G. Chambers was the Treasurer. Gone now are the Keenan's, Roche's, Flanagan's, Tipping's, Stock's, Dockeray's, Robertson's, Murphy's and Hall's, who first made up that early Guild. However, some of their grandchildren have returned as students and even a few as teachers.

Although the name has been changed to **The Parents' Guild**, the interest, dedication and continued

support is still very much alive at St. Michael's. Today, the Guild looks after the Wine and Cheese Party for the Grade Nine Parents' Night, the refreshments at the June Graduation Garden Party, and most important, it provides money for academic scholarships. To raise these funds, it sponsors a Fashion Show, a Dance on the first Sat. in Feb., a Card Party the first Wed. after Easter and a Pot-Luck Supper in June. If it is to honour its commitment to provide the above services, the Guild depends primarily on parent and alumni membership. The Guild's Spiritual Director is Father Mulcahy C.S.B.; President, Michael Svab, Secretary, Donna Svab, Treasurer, Ellen Phillips, Social Convenor, Eve Acton and Membership Convenor, Bruna Ferrovicchio (656-0223). The names are different but the desire is still there. The Parents' Guild, have indeed made a most appreciative contribution to St. Michael's College School, then and now.

## Junior Hockey Returns To St. Mikes

Junior Hockey (for boys 16 years of age) returned to St. Michael's after an absence of many years. It was in 1970-71 that St. Mike's last won a championship in Junior Hockey.

Sixty boys tried out, twenty-three made the squad. Sad to report, the boys didn't win a championship. As a matter of fact, they didn't even make the playoffs. Their league record was 6-11. With exhibition and tournament play they ended the season 18-16.

The team coached by Fr. Jim Enright, who returned to St. Mike's after teaching and coaching in Detroit for thirty years, won all five of the games they played in the Francis Libermann tournament but came away with only bronze medals. Figure that one out!

Carlo Salvadori was voted the most valuable player of the tournament by the coaches. D'Arcy Corcoran received most valuable player recognition by the players for his efforts throughout the season.

# THE SPORTS SCENE

**S.M.C. Buzzers' Locker Room**—The Junior "B" team finished tied for first place in league standings with 52 points on the strength of 23 wins, 7 losses and 6 ties. The Buzzers have advanced to the Metro Jr. "B" championship against Oshawa. The team eliminated Weston 6 points to 0; North York 6 points to 2 points and Henry Carr 9 points to 3 points. The "B" 's have a well balanced attack and strong defence this year. We wish them well in their future games.

**U.S. Scholarships**—Coach Cornacchia has informed us that a number of players are heading for U.S. Colleges: Jamie Wansbrough and Gino Cavalleni to Bowling Green; Nowell Catterall to Providence College and Mike Harvey to Clarkson.

**Last Year Graduates**—Graduates from last year's Metro Jr. "B" Championship team have done well in U.S. and Canadian Colleges: Scott Madger, York University; Rob Ricci and Brent Chapman, Notre Dame; Mudge Tompset, Michigan Tech; Joe Jackman and Jeff M'Intyre, University of Illinois at Chicago Circle; Kevin Dineen, Denver University; John Wilson, Cornell; Scott Mader, Bowling Green; Len Kelly, McGill University; Mark Badali, Centennial College; Tom Webster, University of Toronto and Wayne Deighton, St. Francis Xavier University. Yes. It is true, athletics and scholarship do mix. Well done, Coach Cornacchia and the academic staff of S.M.C.!!

**Cross Country**—The Autumn of 1981 was a most successful one for the Blue Harriers. The team won its third consecutive T.D.C.A.A. overall title by over 100 points. Both the Junior and Senior teams won their division titles and the Bantams finished in **second** place. The team was victorious in many local meets including the **St. Michael's** and **East York Invitationals**. At the prestigious **McQuaid Jesuit Invitational** in Rochester, St. Michael's finished third just behind the New England champions. The S.M.C. team easily won the Junior Varsity race. The highlight of the season came at the Ontario High School Championships. St. Michael's won its **first ever OFSAA** title (in any sport) by capturing the Junior Crown. The team also tied for the unofficial overall championship with the country's top high school team, Georgetown.

Our thanks to Coaches Paul Barry, Pat Monahan and John Delaney.

**Basketball Round-Up 1981-82**—The Basketball scene at St. Mike's this year was nothing short of fantastic. The Bantams, Junior and Seniors were crowned T.D.C.A.A. Champions at York University. Mr. Dignan's **Bantams** had a great year winning 24 and losing only 5. In league play, the Bantams were 14 and 2 beating Chaminade in the Championship game. Willie Cupano, led the team in scoring and Danny Nero was the top rebounder. You will hear from players like Tony Dimaio, John Imbrogno and Peter Moravec in the future as well.

Mr. Smyth's **Junior** team had an outstanding season. They finished the league with 13 wins and no losses then won 3 straight sudden-death play-off games including a victory over Cardinal Leger High School in the finals. Their overall season record was 28 and 4. They capped off a fine season by winning the All Ontario Catholic Junior Basketball Tournament in Hamilton winning 4 games in 2 days. Grade 11 students, Brian Cato and Luciano Scatozza led the Juniors. Brian led in scoring and Luciano led in rebounding. Other prominent contributions were made by Mike Pullella, Linus Azubalis, Mike Gagliardi and John Krasnick.

The **Senior Blue Raiders** also had a remarkable season. They won the T.D.C.A.A. Championship; they won three Ontario tournaments; they finished ranked No. 3 in Metro. Their league championship was the **tenth** in the last 15 years. In tournament play this year, the Raiders captured the Listowel High School Invitational Tournament, the Chaminade High School Invitational Tournament and the Seneca College Invitational Tournament. The Raiders' league and play-off record was 18 and 1, while their overall record was 39 and 8. Veteran Kirt Charter led the Raiders in scoring while Grade 11 student, Richard Stanley, was the leading rebounder. Centre, 6'10", Sean Dodds had the best average per game with 14 points. The Raiders will be losing Jerry Porco, Bob Dizio and Kirt Charter, who is being heavily recruited by Queen's. Al Saplys, Tony Melo along with Sean Dodds and Richard Stanley will form the nucleus of what should be a very formidable squad next year. The future looks bright for the Raiders, Juniors and Bantams. Congratulations for a fine performance.

**S.M.C. Summer Basketball Camp**—St. Michael's will hold the fourth annual Summer Basketball Camp from Aug. 2 to Aug. 6 for boys from 10 to 18 years of age. The Camp is directed by the Blue Raider coaching staff: Dan Prendergast, Dave Smyth and Dave Tessaro. There are two sessions each day: the morning session from 9 a.m. to 12 noon, and the afternoon session from 1 p.m. to 4 p.m. Campers can choose either session.

Besides the day camp, we will also continue with the very successful evening camp which is for starting high school seniors. The evening camp is held from 7 p.m. to 9 p.m. Some of the best high school players in Metro attended the evening camp last year.

Once again, former Blue Raider Leo Rautins will be on staff. For the past two years, Leo has played at Syracuse University. This year, he was selected to the All-East All-American Team. Leo does an outstanding job with the young campers. The camp staff will be augmented by other college players and special guest coaches.

The camp fee is \$50. for the day camp and \$30. for the evening camp.

St. Michael's is the place to be this summer if you are looking for a camp for your son! For an application, please contact the school at 653-3180. Apply early for the camp fills fast.

# Old Timers Win World Hockey Championship But Lose To S.M.C. Seniors

*by Robert Dubniak*

This past February, Toronto was the host city for the World Cup '82 Old Timers' Hockey Tournament. Among the 88 teams from Europe, United States and Canada, was the "Double Blue" entry representing St. Michael's College School of Toronto. The 1800 participants reflected the full spectrum of hockey ability. Among the former N.H.L.'ers taking part were Frank Mahovlich, Johnny Bower and Gary Bergman, to name a few.

In order to promote the objectives of Old Timer hockey, namely friendship, recreation and competition, there are rules that require participants to be over the age of thirty-five and rules forbidding body-checking and slap-shots. Further, to insure that teams are evenly matched, age and past hockey experience are taken into consideration.

In preparation for the World Cup, the "old timers" accepted an invitation to play the St. Michael's Seniors. The game with the Seniors used to be an annual affair between staff, students and old timers followed by a powder-puff (St. Joe's, Wellesley and Loretto Abbey) game and finally pleasure skating. It looks like the event will be continued on an annual basis. The evening was of particular concern for old timer, John Younder, brother of the younger Joe on the staff. John was ceremoniously surprised by a custard pie at the open-

ing face-off. Even though the old timers did lose to the Seniors, the game was a timely warm-up for the World Cup Tournament.

When the tournament did begin, the old timers found themselves in the 16 team "F" Division. In the round robin schedule within this Division, St. Michael's went undefeated, beating the North London Old Devils 11-2, the Neattijat team from Finland by a score of 3-1 and the Glenwood Old Timers by 8-2. The semi-final game saw the 'double blue' beat the Bancroft entry by 7-3 and thereby earning the right to play in the championship game against the Florida Eldergators of Fort Lauderdale. The St. Michael's Old Timers were able to by-pass the agony of stop-time periods and a two-games-a-day schedule to beat the Eldergators 7-2 to win the World Cup Championship in the "F" Division. Honourable mention should be given to the silver-haired goalie, John Gariepy, who allowed only 10 goals for the five games of the tournament; also accolades are to be given to Lecio Cengarle and Brian Fullan who scored 18 goals between them.

Now that the World Championships are over, it is hoped that St. Michael's will have the opportunity to repeat as champions at next year's tournament in Munich, Germany.

# Summer Around St. Mike's—Shape-Up

As I write this the grass is beginning to show and it's that time of year when we begin to think of summer. There will be a new **Strength Fitness Programme** offered at S.M.C. from July 5–Aug. 20. Boys will be given individualized strength training and fitness programmes under the direction of the Kerry Blue Football Coach, Mike Colle. The programme will be for boys preparing for a Varsity sport or other competitive activities like M.T.H.L. hockey; or for those who wish to find out more about weight training and get themselves into better shape for Fall sports at St. Mike's.

The main emphasis will be on strength development with the use of "free" weights and the Universal. Run-

ing, games of agility and flexibility will also be included. The **Strength Fitness School** will now join the already popular and successful **Basketball** and **Hockey School** run each summer at St. Michael's.

If you are interested in any of these programmes, you can get more information by phoning the school at 653-3180. These activities are run by experienced and highly qualified coaches. They enjoy both Provincial and National recognition.

**Hockey School:** Rick Cornacchia

**Strength Fitness:** Mike Colle

**Basketball:** Dan Prendergast

## St. Mike's Hosts Metro Wide Industrial Arts Competition

The Industrial Arts Department of St. Michael's College School is fast becoming a highly successful and important program within the school and indeed within Metropolitan Toronto. Under the direction of Carl Geniole, it recently hosted the **Second Annual Industrial Arts Competition**. St. Michael's students won two First place ribbons and one Second. Jeff Amlin-

Beggs of Grade 10 won First Place in Mixed Media with a well-designed **desk organizer**. Paul Santos, of Grade 11, placed Second with an original designed **chess table** in the Woodworking Competition. Nick Cicocioppo won First Place and a trophy for the best project in Grade 10. He made a beautifully crafted **miniature wash stand** in the Lathe Competition.
